

Assistant Director for Scientific Intelligence  
Security Officer, CIA  
conversations with Dr. [redacted]

MAY 4 1951

Reference is made to your memorandum of 25 April 1951 concerning your conversations with Dr. [redacted] Dr. [redacted] has a keen interest in this program, and it is felt that it would be well to consult with him for his knowledge and experience and see whether he may furnish to C.I.A. It is not felt, however, that he should be brought fully into the picture and made part of the C.I.A. panel. His interest in this field should be encouraged, but his participation should be limited to the above.
